Wolf Hall

Inglaterra, década de 1520. Henry VIII ocupa o trono, mas não tem herdeiros. O cardeal Wolsey, o seu conselheiro principal, é encarregue de garantir a consumação do divórcio que o papa recusa conceder. É neste ambiente de desconfiança e de adversidade que surge Thomas Cromwell, primeiro como funcionário de Wolsey e, mais tarde, como seu sucessor. Thomas Cromwell é um homem verdadeiramente original. Filho de um ferreiro cruel, é um político genial, intimidante e sedutor, com uma capacidade subtil e mortal para manipular os outros e as circunstâncias. Impiedoso na perseguição dos seus próprios interesses, é tão ambicioso na política quanto na vida privada. A sua agenda reformadora é executada perante um parlamento que atua em benefício próprio e um rei que flutua entre paixões românticas e acessos de raiva homicida. Escrito por uma das grandes escritoras do nosso tempo, Wolf Hall é um romance absolutamente singular.

Ethel Rosenberg

New York Times bestselling author Anne Sebba's moving biography of Ethel Rosenberg, the wife and mother whose execution for espionage-related crimes defined the Cold War and horrified the world. In June 1953, Julius and Ethel Rosenberg, a couple with two young sons, were led separately from their prison cells on Death Row and electrocuted moments apart. Both had been convicted of conspiracy to commit espionage for the Soviet Union, despite the fact that the US government was aware that the evidence against Ethel was shaky at best and based on the perjury of her own brother. This book is the first to focus on one half of that couple in more than thirty years, and much new evidence has surfaced since then. Ethel was a bright girl who might have fulfilled her personal dream of becoming an opera singer, but instead found herself struggling with the social mores of the 1950's. She longed to be a good wife and perfect mother, while battling the political paranoia of the McCarthy era, anti-Semitism, misogyny, and a mother who never valued her. Because of her profound love for and loyalty to her husband, she refused to incriminate him, despite government pressure on her to do so. Instead, she courageously faced the death penalty for a crime she hadn't committed, orphaning her children. Seventy years after her trial, this is the first time Ethel's story has been told with the full use of the dramatic and tragic prison letters she exchanged with her husband, her lawyer and her psychotherapist over a three-year period, two of them in solitary confinement. Hers is the resonant story of what happens when a government motivated by fear tramples on the rights of its citizens.

Wolf Hall & Bring Up the Bodies

A two-ebook edition of Hilary Mantel's bestselling novels: *Wolf Hall*, winner of the Man Booker Prize 2009, and *Bring Up the Bodies*, winner of the Man Booker Prize 2012. *Wolf Hall* and *Bring Up the Bodies*, the first two instalments in Hilary Mantel's Tudor trilogy, have gathered readers and praise in equal and enormous measure. They have been credited with elevating historical fiction to new heights and animating a period of history many thought too well known to be made fresh. Through the eyes and ears of Thomas Cromwell, the books' narrative prism, we are shown Tudor England, the court of King Henry VIII. Cromwell is a wholly original man: the son of a brutal blacksmith, a political genius, a briber, a charmer, a bully, a man with a delicate and deadly expertise in manipulating people and events. In *Wolf Hall* we witness Cromwell's rise, beginning as clerk to Cardinal Wolsey, Henry's chief advisor, charged with securing the divorce the pope refuses to grant. He is soon to become his successor. By 1535, when

the action of *Bring Up the Bodies* begins, Cromwell is Chief Minister to Henry, his fortunes having risen with those of Anne Boleyn, Henry's second wife. Anne's days, though, are marked. Cromwell watches as the king falls in love with silent, plain Jane Seymour, sensing what Henry's affection will mean for his queen, for England, and for himself.

In this new offering from Stanley Wells comes an exploration of one of the world's greatest dramatists: William Shakespeare. Written with enthusiasm and flair, Wells looks at both the world Shakespeare lived in and all of his major works, to show how and why he continues to be so influential and important to society today.

A Change of Climate

A New York Times Notable Book Ralph and Anna Eldred are an exemplary couple, devoting themselves to doing good. Thirty years ago as missionaries in Africa, the worst that could happen did. Shattered by their encounter with inexplicable evil, they returned to England, never to speak of it again. But when Ralph falls into an affair, Anna finds no forgiveness in her heart, and thirty years of repressed rage and grief explode, destroying not only a marriage but also their love, their faith, and everything they thought they were.

Mantel Pieces

A stunning collection of essays and memoir from twice Booker Prize winner and international bestseller Hilary Mantel, author of *The Mirror and the Light* In 1987, when Hilary Mantel was first published in the *London Review of Books*, she wrote to the editor, Karl Miller, 'I have no critical training whatsoever, so I am forced to be more brisk and breezy than scholarly.' This collection of twenty reviews, essays and pieces of memoir from the next three decades, tells the story of what happened next. Her

subjects range far and wide: Robespierre and Danton, the Hite report, Saudi Arabia where she lived for four years in the 1980s, the Bulger case, John Osborne, the Virgin Mary as well as the pop icon Madonna, a brilliant examination of Helen Duncan, Britain's last witch. There are essays about Jane Boleyn, Charles Brandon, Christopher Marlowe and Margaret Pole, which display the astonishing insight into the Tudor mind we are familiar with from the bestselling Wolf Hall Trilogy. Her famous lecture, 'Royal Bodies', which caused a media frenzy, explores the place of royal women in society and our imagination. Here too are some of her LRB diaries, including her first meeting with her stepfather and a confrontation with a circus strongman. Constantly illuminating, always penetrating and often very funny, interleaved with letters and other ephemera gathered from the archive, *Mantel Pieces* is an irresistible selection from one of our greatest living writers.

The Digested Read

Literary ombudsman John Crace never met an important book he didn't like to deconstruct. From Salman Rushdie to John Grisham, Crace retells the big books in just 500 biting satirical words, pointing his pen at the clunky plots, stylistic tics and pretensions of Big Ideas, as he turns publishers' golden dream books into dross.

Eight Months on Ghazzah Street

An English couple's life in Saudi Arabia told through the eyes of Frances, the wife. She describes the heat, the ugliness and the menace of Islamic law. Men stroll in the street with rifles and from the apartment upstairs comes sobbing. It is nothing her Arab friends tell her, simply a millionaire's mistress, but Frances knows they are lying. Finally, there is murder.

ROAR

"Dr. Sims realizes that female athletes are different than male athletes and you can't set your race schedule around your monthly cycle. ROAR will help every athlete understand what is happening to her body and what the best nutritional strategy is to perform at her very best."—Evie Stevens, Olympian, professional road cyclist, and current women's UCI Hour record holder Women are not small men. Stop eating and training like one. Because most nutrition products and training plans are designed for men, it's no wonder that so many female athletes struggle to reach their full potential. ROAR is a comprehensive, physiology-based nutrition and training guide specifically designed for active women. This book teaches you everything you need to know to adapt your nutrition, hydration, and training to your unique physiology so you can work with, rather than against, your female physiology. Exercise physiologist and

nutrition scientist Stacy T. Sims, PhD, shows you how to be your own biohacker to achieve optimum athletic performance. Complete with goal-specific meal plans and nutrient-packed recipes to optimize body composition, ROAR contains personalized nutrition advice for all stages of training and recovery. Customizable meal plans and strengthening exercises come together in a comprehensive plan to build a rock-solid fitness foundation as you build lean muscle where you need it most, strengthen bone, and boost power and endurance. Because women's physiology changes over time, entire chapters are devoted to staying strong and active through pregnancy and menopause. No matter what your sport is—running, cycling, field sports, triathlons—this book will empower you with the nutrition and fitness knowledge you need to be in the healthiest, fittest, strongest shape of your life.

The Assassination of Margaret Thatcher

The New York Times bestselling collection, from the Man Booker prize-winner for *Wolf Hall* and *Bring Up the Bodies*, that has been called "scintillating" (New York Times Books Review), "breathtaking" (NPR), "exquisite" (The Chicago Tribune) and "otherworldly" (Washington Post). "A new Hilary Mantel book is an Event with a 'capital 'E.'"—NPR "A book of her short stories is like a little sweet treat."—USA Today (4 stars) "[Mantel is at] the top of her game."—Salon "Genius."—The Seattle Times One of the most accomplished, acclaimed, and garlanded writers, Hilary Mantel delivers a brilliant collection of contemporary stories In *The Assassination of Margaret Thatcher*, Hilary Mantel's trademark gifts of penetrating characterization, unsparing eye, and rascally intelligence are once again fully on display. Stories of dislocation and family fracture, of whimsical infidelities and sudden deaths with sinister causes, brilliantly unsettle the reader in that unmistakably Mantel way. Cutting to the core of human experience, Mantel brutally and acutely writes about marriage, class, family, and sex. Unpredictable, diverse, and sometimes shocking, *The Assassination of Margaret Thatcher* displays a magnificent writer at the peak of her powers.

The Rime of the Ancient Mariner

One dark and stormy night in 1956, a stranger named Fludd mysteriously turns up in the dismal village of Fetherhoughton. He is the curate sent by the bishop to assist Father Angwin—or is he? In the most unlikely of places, a superstitious town that understands little of romance or sentimentality, where bad blood between neighbors is ancient and impenetrable, miracles begin to bloom. No matter how copiously Father Angwin drinks while he confesses his broken faith, the level of the bottle does not drop. Although Fludd does not appear to be eating, the food on his plate disappears. Fludd becomes lover, gravedigger, and savior, transforming his dull office into a golden regency of decision, unashamed sensation, and unprecedented action. Knitting together the miraculous and the mundane, the dreadful and the ludicrous, Fludd is a tale of alchemy and transformation told with astonishing art, insight, humor, and wit.

We all carry people inside our heads—actors, leaders, writers, people out of history or fiction, met or unmet, who sometimes seem closer to us than people we know. In *The Man Within My Head*, Pico Iyer sets out to unravel the mysterious closeness he has always felt with the English writer Graham Greene; he examines Greene's obsessions, his elusiveness, his penchant for mystery. Iyer follows Greene's trail from his first novel, *The Man Within*, to such later classics as *The Quiet American* and begins to unpack all he has in common with Greene: an English public school education, a lifelong restlessness and refusal to make a home anywhere, a fascination with the complications of faith. The deeper Iyer plunges into their haunted kinship, the more he begins to wonder whether the man within his head is not Greene but his own father, or perhaps some more shadowy aspect of himself. Drawing upon experiences across the globe, from Cuba to Bhutan, and moving, as Greene would, from Sri Lanka in war to intimate moments of introspection; trying to make sense of his own past, commuting between the cloisters of a fifteenth-century boarding school and California in the 1960s, one of our most resourceful explorers of crossing cultures gives us his most personal and revelatory book.

The Man Within My Head

Shortlisted for the Man Booker Prize After a lifetime's struggle with alcohol, critical neglect and depression, in 1840 the nature poet John Clare is incarcerated. The asylum, in London's Epping Forest, is run on the reformist principles of occupational therapy. At the same time, the young Alfred Tennyson, moves nearby and became

entangled in the life of the asylum. This historically accurate, intensely lyrical novel, describes the asylum's closed world and Nature's paradise outside the walls: Clare's dream of home, of redemption, of escape.

The Reformation was a seismic event in history, whose consequences are still working themselves out in Europe and across the world. The protests against the marketing of indulgences staged by the German monk Martin Luther in 1517 belonged to a long-standing pattern of calls for internal reform and renewal in the Christian Church. But they rapidly took a radical and unexpected turn, engulfing first Germany and then Europe as a whole in furious arguments about how God's will was to be 'saved'. However, these debates did not remain confined to a narrow sphere of theology. They came to reshape politics and international relations; social, cultural, and artistic developments; relations between the sexes; and the patterns and performances of everyday life. They were also the stimulus for Christianity's transformation into a truly global religion, as agents of the Roman Catholic Church sought to compensate for losses in Europe with new conversions in Asia and the Americas. Covering both Protestant and Catholic reform movements, in Europe and across the wider world, this beautifully illustrated volume tells the story of the Reformation from its immediate, explosive beginnings, through to its profound longer-term consequences and legacy for the modern world. The story is not one of an inevitable triumph of liberty over oppression, enlightenment over ignorance. Rather, it tells how a multitude of rival groups and individuals, with or without the support of political power, strove after visions of 'reform'. And how, in spite of themselves, they laid the foundations for the plural and conflicted world we now inhabit.

The Oxford Illustrated History of the Reformation

In this compelling history of the violent struggle between the monarchy and Parliament that tore apart seventeenth-century England, a rising star among British historians sheds new light on the people who fought and died through those tumultuous years. Drawing on exciting new sources, including letters, memoirs, ballads, plays, illustrations, and even cookbooks, Diane Purkiss creates a rich and nuanced portrait of this turbulent era. The English Civil War's dramatic consequences-rejecting the divine right monarchy in favor of parliamentary rule-continue to influence our lives, and in this colorful narrative, Purkiss vividly brings to life the history that changed the course of Western government.

Analysis and Assessment of Gateway Process is a document prepared in 1983 by the US Army. This document was declassified by the CIA in 2003. This brief report focuses on the so-called "Gateway Experience," a training program originally designed by the Monroe Institute, a Virginia-based institute for the study of human consciousness. The Gateway experience uses sound tapes to manipulate brainwaves with a goal of creating an altered state of consciousness, which includes out-of-body experiences, energy healing, remote viewing, and time travel. The report concluded that the Gateway Experience is 'plausible' in terms of physical science, and that while more research was needed, it could have practical uses in US intelligence. Students of US intelligence, and anyone interested in the cross-roads between consciousness and reality will find this report fascinating reading.

Them and Us

The sequel to *Wolf Hall*, Hilary Mantel's Man Booker Prize winner and New York Times bestseller, *Bring Up the Bodies* delves into the heart of Tudor history with the downfall of Anne Boleyn. The basis for the TV show on BBC and PBS Masterpiece starring Mark Rylance as Thomas Cromwell. Though he battled for seven years to marry her, Henry is disenchanted with Anne Boleyn. She has failed to give him a son and her sharp intelligence and audacious will alienate his old friends and the noble families of England. When the discarded Katherine dies in exile from the court, Anne stands starkly exposed, the focus of gossip and malice. At a word from Henry, Thomas Cromwell is ready to bring her down. Over three terrifying weeks, Anne is ensnared in a web of conspiracy, while the demure Jane Seymour stands waiting her turn for the poisoned wedding ring. But Anne and her powerful family will not yield without a ferocious struggle. Hilary Mantel's *Bring Up the Bodies* follows the dramatic trial of the queen and her suitors for adultery and treason. To defeat the Boleyns, Cromwell must ally with his natural enemies, the papist aristocracy. What price will he pay for Anne's head? Hilary Mantel's Thomas Cromwell novels are the most formidable literary achievements of recent times. *Wolf Hall* begins in England in 1527. England is a heartbeat from disaster. If the king dies without a male heir, the country could be destroyed by civil war. Henry VIII wants to annul his marriage of twenty years and marry Anne Boleyn. The pope and most of Europe oppose him. Into this impasse steps Thomas Cromwell: a wholly original man, a charmer and a bully, both idealist and opportunist, master of deadly intrigue, and implacable in his ambition. *Bring Up the Bodies* unlocks the darkly glittering court of Henry VIII, where Thomas Cromwell is now chief minister.
