Black Skin, White Masks

The Masterpiece is the tragic story of Claude Lantier, an ambitious and talented young artist from the provinces who has come to conquer Paris and is conquered by the flaws in his own genius. While his boyhood friend Pierre Sandoz becomes a successful novelist, Claude's originality is mocked at the Salon and turns gradually into a doomed obsession with one great canvas. Life - in the form of his model and wife Christine and their deformed child Jacques - is sacrificed on the altar of Art. The Masterpiece is the most autobiographical of the twenty novels in Zola's Rougon-Macquart series. Set in the 1860s and 1870s, it provides a unique insight into his career as a writer and his relationship with Cézanne, a friend since their schooldays in Aix-en-Provence. It also presents a well-documented account of the turbulent Bohemia world in which the Impressionists came to prominence despite the conservatism of the Academy and the ridicule of the general public. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

The Nutcracker and the Mouse-King

Rare edition with unique illustrations. Along with the collections of Andersen, Lang, and the Brothers Grimm, the Fairy tales of Charles Perrault is among the great books of European fairy tales. These stories have been enjoyed by generation after generation of children in many countries, and are here, waiting to be enjoyed again. \"Blue beard\" is a French folktale, the most famous surviving version of which was written by Charles Perrault and first published by Barbin in Paris in 1697 in *Histoires ou contes du temps passe*. The tale tells the story of a violent nobleman in the habit of murdering his wives and the attempts of one wife to avoid the fate of her predecessors.

Toilers of the Sea

Did possessing and killing amount to the same thing deep within the dark recesses of the human beast? *La Bete humaine* (1890), is one of Zola's most violent and explicit works. On one level a tale of murder, passion and possession, it is also a compassionate study of individuals derailed by atavistic forces beyond their control. Zola considered this his 'most finely worked' novel, and in it he powerfully evokes life at the end of the Second Empire in France, where society seemed to be hurtling into the future like the new locomotives and railways it was building. While expressing the hope that human nature evolves through education and gradually frees itself of the burden of inherited evil, he is constantly reminding us that under the veneer of technological progress there remains, always, the beast within. This new translation captures Zola's fast-paced yet deliberately dispassionate style, while the introduction and detailed notes place the novel in its social, historical, and literary context. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's

The Luck of Barry Lyndon

This book ranks with 'A Reboours' as the summation of the French Decadent Movement. Modelled on 'The Portrait of Dorian Gray, ' it drips with evil and certainly would have been unpublishable in fin de siecle England.

The Japanese believe that until the age of three, children, whether Japanese or not, are gods, each one an okosama, or \"lord child.\" On their third birthday they fall from grace and join the rest of the human race. In Amelie Nothomb's new novel, *The Character of Rain*, we learn that divinity is a difficult thing from which to recover, particularly if, like the child in this story, you have spent the first tow and a half years of life in a nearly vegetative state. \"I remember everything that happened to me after the age of two and one-half,\" the narrator tells us. She means this literally. Once jolted out of her plant-like , tube-like trance (to the ecstatic relief of her concerned parents), the child bursts into existence, absorbing everything that Japan, where her father works as a diplomat, has to offer. Life is an unfolding pageant of delight and danger, a ceaseless exploration of pleasure and the limits of power. Most wondrous of all is the discovery of water: oceans, seas, pools, puddles, streams, ponds, and, perhaps most of all, rain-one meaning of the Japanese character for her name. Hers is an amphibious life. *The Character of Rain* evokes the hilarity, terror, and sanctity of childhood. As she did in the award-winning, international bestesller *Fear and Trembling*, Nothomb grounds the novel in the outlines of her experiences in Japan, but the self-portrait that emerges from these pages is hauntingly universal. Amelie Nothomb's novels are unforgettable immersion experiences, leaving you both holding your breath with admiration, your lungs aching, and longing for more.

The Cinema, Or, The Imaginary Man

A children's Christmas story by E. T. A. Hoffmann, \"The Nutcracker and the Mouse-King\" is the magical adventure of Marie Stahlbaum's favourite toy, the Nutcracker, who battles the nefarious Mouse-King in battle and takes the reader on a wonderful adventure, into a magical land of dolls. Probably Hoffman's most well-known story, produced in 1816, due to the fact that - some seventy-six years later - it inspired Tchaikovsky's ballet \"The Nutcracker\". A true Christmas classic, perfect for festive bedtime reading for adults and children a-like. Ernst Theodor Amadeus Hoffmann (1776 - 1822) was born in Königsberg, East Prussia. Hoffmann's family were all jurists, and during his youth he was initially encouraged to pursue a career in law. However, in his late teens Hoffman became increasingly interested in literature and philosophy, and spent much of his time reading German classicists and attending lectures by, amongst others, Immanuel Kant. Hoffman went on to produce a great range of both literary and musical works.

Black Skin, White Masks is a classic, devastating account of the dehumanising effects of colonisation experienced by black subjects living in a white world. First published in English in 1967, this book provides an unsurpassed study of the psychology of racism using scientific analysis and poetic grace. Franz Fanon identifies a devastating pathology at the heart of Western culture, a denial of difference, that persists to this day. A major influence on civil rights, anti-colonial, and black consciousness movements around the world, his writings speak to all who continue the struggle for political and cultural liberation. With an introduction by Paul Gilroy, author of *There Ain't No Black in the Union Jack*.

A Short History of French Literature

An international sensation—with more than 1 million copies sold in Germany, and rights snapped up in 26 countries—*Wetlands* is the sexually and anatomically explicit novel that is changing the conversation about female identity and sexuality around the world. Helen Memel is an outspoken, contradictory eighteen-year-old, whose childlike stubbornness is offset by a precocious sexual confidence. She begins her story from a hospital bed, where she's slowly recovering from an operation and lamenting her parents' divorce. To distract and console herself, Helen ruminates on her past sexual and physical adventures in increasingly uncomfortable detail; what ensues is “a headlong dash through every crevice and byproduct, physical and psychological, of its narrator's body and mind.” (The New York Times) Fantastically sexual, Helen is constantly blurring the line between celebration, provocation, and dysfunction in her relationship with her body. Punky alienated teenager, young woman reclaiming her body from the tyranny of repressive hygiene (women mustn't smell, excrete, desire), bratty smartass, vulnerable, lonely daughter, shock merchant and pleasure-seeker—Helen is all of these things and more, and her frequent attempts to assert her maturity ultimately prove just how fragile, confused, and young she truly is. In the tradition of *The Sexual Life of Catherine M* and *Melissa P.'s 100 Strokes of the Brush Before Bed*, Charlotte Roche exposes the double bind of female sexuality, delivering a compulsively readable and fearlessly intimate manifesto on sex, hygiene, and the repercussions of family trauma.
